Wake up, love  
Think I've lost control  
The shadows are on the march  
I can't fight them all

Cause they come out of the walls  
They come out of the walls  
And take me down love  
Down love  
Down to the ground  
Down to the ground

Wake up, love  
Bring the candles raise up the torch  
Pour water in the ink of night  
Wash this darkness from my thoughts

Cos it comes out of the walls  
It comes out of the walls  
And takes me down love  
Down love  
Down to the ground  
Down to the ground

Wake up love  
Think I've lost control  
The shadows are on the march  
I can't fight them all
