She says  
I know your face  
But something's strange  
In your eyes

Your voice I know so well  
Your words I don't  
Recognise

And darkness creeps  
Borne on cold winds  
Blows my footprints away

And I see myself  
Turn into something else  
Turn into someone else  
For a while  
And I know I'm right  
Running into this night  
Running another dream to the ground

The girl who falls down stairs  
She calls my name  
Through the air

She says I loved you once  
I'd love you again  
If you dare

So wipe the sleep from tiger eyes  
And put this moment aside

And I see myself  
Turn into something else  
Turn into someone else  
For a while  
And I know I'm right  
Running into this night  
Running another dream to the ground

Needles buzz like  
Neon light and

I am stained by  
This town

And all my faith gone  
All maps welcome  
The stairs have twisted around

And I see myself  
Turn into something else  
Turn into someone else  
For a while  
And I know I'm right  
Running into this night  
Running another dream to the ground

Pull me out  
Pull me out  
Pull me out
