"You only disappear"

Close my eyes,
I'm moving still
magazines and dollar bills,
and you wake up to a fall of snow,
your telephone your radio
baby I'll call up a storm
keep you safe from harm
but you only disappear

I can live with my regrets
still raise a smile
still raise my head
and a stranger god can be so cruel

and a holy fool is still a fool
but this is all I can say
I have lost my way
but you only disappear
with a word, with a line,
with a smile that says goodbye
baby says goodbye
baby says goodbye

It's raining now
on royal street
and I'd walk to you
if I could trust my feet
