"Run To You"

I don't care just what you're made of
I don't care just who you are
I just want to be myself
No other

I don't want to be embarrassed
I don't want to notice you
I just need some company to talk to

When the lights go out
And everyone's asleep

I wanna run to you
I wanna run to you

If we could be together
It's all we need
I'll vow to never be apart

My life is full of laughter
Whenever you're around
You make my hearts fall to the ground

When the lights go out
And everyone's asleep
When the lights go out
And everyone's asleep
When the lights go out
And everyone's asleep

I wanna run to you
I wanna run to you
I wanna run to you
I wanna run to you
