[Intro]

Yeahhh eee yeahhh eee yeahhh eee yeahh,
ohhh oh ohh oh, yeahh, yeahhh

[Verse1]

Sittin around like, whats goin on,
don't know why the day just felt so long,
I felt alone (yeah), so many times I, failed you,
you took me back where I belong,
like nothing was wrong (yeah),

[Hook]

you picked me up, when I was down,
& when I cry, you make me smile,
& when I think about, I must talk about it, gotta tell the
world about it, (yeah)...

[Chorus]

When I'm lost & theres no other way,
I know you'd be there to just light up the day,
you never let me down, you never let me down
you never let me down, you never let me down,
sometimes I don't know how the clouds are now far
away,(?)
you never let me, come, never let me down,
you never let me down, you never let me down,
you never let me down, you never let me down,
you never let me down, you never let me down,
you never let me down, you never let me down,
you never let me down, you never let me down,
you never let me...

[Verse2]

Looking around like, I wish you was here,
so that you can take this all from me, I wanna be free,
(I wanna be free, I wanna be free),
so many times I, run away from you,
when you got everything I need, you was best for me
(yeah),
