Ejaculation of satanic sperm. Defiling nations, violating the norm  
Whatewer religion is, you shall die; When devil sees through your eyes -  
Truth becomes lies. Truth become lies... Fear breeds anger. War against humanity  
Hope is strangles. With the golden rod of vanity  
There comes pride with his final kiss. Hammers is falling and it wan't miss.  
Salvation's what you're longing for. But they always ask for more blood... More  
Greed's like sickness. Infecting minds, infects the whole  
Feeding on the weakness. Waits until you fall  
Diabolic invasion. Total devastation  
Lust for gold. Makes them kill, then take and flee  
Your and old. In the lake of lechery  
Diabolic invation
