Brutal look on alcohol  
We can drink till death  
A ban on the sleeping still  
This battles - our treasure chest

Drunkenness - hellish dreams  
Drunkenness - kill the christ  
Drunkard - fucking beast  
Burning church - for you freaks

Black, alcohol, terror -  
New order in christless world  
True alcohol zombies  
Is living in christless world  
Drink till death  
Kill the christians  
For me and you  
Churches in fire  
Fuck till death  
Torture the pussy and the ass  
Drink, woman  
Drink your pussy fucking ass  
Now your drunk  
Fuck whith dirty beasts  
Now your sick  
Burn your vagina
