IF YOU LOVE THAT POLITICIAN (PULL THE CHAIN)

By Tom Paxton

(Intro:)

C G

Someone had the right idea out in Iowa.

G7 C

Palo Alto County had it's own straw poll.

F

Folks who listened to their radio

C Am

Were told to flush their toilets so

D G7

Their candidate might win the Super Bowl.

C G

Folks in Emmetsburg have got things in perspective

G7 C - C7

And good common sense that they rely upon.

F

When the beaming smiles and golden throats

C Am

Come shaking hands and begging votes,

D G - G7

The folks in Emmetsburg head for the john.

(Verse:)

C G C

If you love that politician, pull the chain.

C C7 G - G7

Send the world of woe and trouble down the drain.

C C7

It's the road to satisfaction.

F F7

It's a natural reaction.

C G C

If you love that politician, pull the chain.

If you like the things he said, use your head.

You can show the world you think he's thoroughbred.

Choose a favorite son or daughter

With a little running water.

C G C - C7

If you like the things he said, use your head.

(Break:)

F C - C7

Do you get that familiar feeling

F C - C7

When you hear the things they say?

F F7

When they hum their familiar tunes

C Am

Do your thoughts all turn to prunes?

D G - G7

Are you headed for Hernando's Hideaway?

If the man gets through to you, use your loo.

If he's not Number One, he's Number Two.

He's the greatest guy on earth.

Why don't you show him what he's worth?

If the man gets through to you, use your loo.

(Repeat Break)

If you love that politician, pull the chain (pull the chain).

Send the world of woe and trouble down the drain.

It's the road to satisfaction.

It's a natural reaction.

If you love that politician, pull the chain.

When you see the ruling gentry,

Why, the answer's alimentary.

If you love that politician, pull the chain
