[Lyrics : RMS Hreidmarr / April 1999]

Inside of me lies a part of the night
Nobody lived what I lived, nobody knows what I know
Morning - dusk of my neverending life
I shall not live without you
Didn't you ever think of being my confident ?
A white bright and sublime and never falling sun...

I have no heart - my hands are cold
White as the purest snow
Sick as my entire cadaver
The whole world
All is white now

I feel your eyes caressing me
I feel your presence - always
And I pray for you to be - I believe

Je sens son corps entrer en toi
Je te sens t'ouvrir, le desirer...
Puis fuir, ne plus en vouloir, en finir enfin
Fais moi hurler
Il m'a viole

...And the silence goes on and on
Je ne t'ai jamais vraiment aime
J'ai toujours fait semblant
Je ne peux que verser
Quelques larmes de sang
En finir, t'achever
A jamais innocente

Fall, angel fall
Fall for me
Dare the flesh, taste the human curse
And love, only

My lovely creature
Still smelling heaven's breath divine
Come accomplish your destiny

Girl, your father will cry for you tonite
Spread your wings angel
Spread your thighs for me (now)

One union forever

Je veux entrevoir la mort dans tes yeux
Puisse t'elle me sourire au moins une fois
Tu etais vierge mon amour
Je le decouvris dans la seconde ou tu cessa de l'etre

Trionfo della Morte
