before all of this ever went down
in another place, another town
you were just a face in the crowd
you were just a face in the crowd
out in the street walking around
a face in the crowd

Out of the dream, out of the sky
into my heart, into my life
you were just a face in the crowd
you were just a face in the crowd
out in the street, thinking out loud
a face in the crowd

out of the dreams, out of the sky
into my heart, into my life
and u were just a face in the crowd
you were just a face in the crowd
out in the street walking around
a face in the crowd

a face in the crowd

a face in the crowd

a face in the crowd
