Well, I fought for you, I fought too hard
To do it all again, babe, it's gone too far
You never needed me, you only wanted me around
It gets me down

There's been a change
Yeah, there's been a change of heart
Said, there's a change
You push just a little too far
Made it just a little too hard
There's been a change of heart

I'll get over you, it won't take long
I've stood in your gallery seen what's hangin' from the wall
You were the moon and sun, you're just a loaded gun now
It gets me down

There's been a change
Yeah, there's been a change of heart
Said, there's been a change
You push just a little too far
Made it just a little to hard
There's been a change of heart

Whoa, yeah, oh boy
Looks like we finally reached the turning point
Oh, me, oh my
Looks like it's time for me to kiss it goodbye
Yeah, kiss it goodbye

There's been a change
Yeah, there's been a change of heart
Said, there's been a change
You push just a little too far
Made it just a little to hard
There's been a change of heart, oh
