Waiting by the side of the road
For day to break so we could go
Down into Los Angeles
With dirty hands and worn out knees

I keep crawling back to you
I keep crawling back to you

The ranger came with burning eyes
The chambermaid awoke surprised
Thought she'd seen the last of him
She shook her head and let him in

I keep crawling back to you
I keep crawling back to you

Hey baby, there's something in your eyes
Tryin' to say to me
That I'm gonna be alright if I believe in you
It's all I want to do

It was me and my sidekick
He was drunk, I was sick
We were caught up in a bar room fight
Till an Indian shot out the lights

I'm so tired of being tired
Sure as night will follow day
Most things I worry about
Never happen anyway

I keep crawling back to you
I keep crawling back to you
I keep crawling back to you
I keep crawling back to you
I keep crawling back to you
