When you complain and criticize  
I feel I'm nothing in your eyes  
It makes me feel like givin' up  
Because my best just ain't good enough

Girl I want to provide for you  
And do the things you want me to

But oh, oh no don't bring me down  
Said, "Darlin', darlin', darlin', darlin'  
Oh, oh no don't bring me down"

The sacrifices I will make  
I'm ready to give as well as take  
Something I need is your respect  
Something I can't take is your neglect

And more than anything I need your love  
Until it's easy to rise above

But oh, oh no don't bring me down  
Said, "Darlin', darlin', darlin', darlin'  
Oh, oh no don't bring me down"

When you complain and criticize  
And I feel I'm nothing in your eyes  
It makes me feel like givin' up  
Because my best just ain't good enough

Girl I want to provide for you  
And do the things you want me to

But oh, oh no don't bring me down  
Said, "Darlin', darlin', darlin', darlin'  
Oh, oh no don't bring me down"

Said, "Darlin', darlin', darlin', darlin'  
Oh, oh no don't bring me down  
Oh, oh no don't bring me down"
