I remember you so clearly the first one through the door
I return to find you drifting too far from the shore
I remember feeling this way you can lose it without knowing
You wake up and you don't notice which way the wind is blowing

So don't fade
No don't fade on me

You were the one who made things different
You were the one who took me in
You were the one thing I could count on
Above all you were my friend

So don't fade
Don't fade on me

Well your clothes hang on a wire and the sun is overhead
But today you are too weary to even leave your bed
Was it love that took you under? Or did you know too much?
Was it something you could picture? But never could quite touch?

Don't fade
No don't fade on me

So don't fade
Hey don't fade on me
