Well I'm goin' down to Georgia
Drivin' all the way
Cross country for no reason
I woke up, I couldn't stay

I'm travellin' in an old car
Made in the USA
Hear that engine knockin'?
We've both seen better days

I'm takin' my sweet time
Day dreamin' a new life
It's summer down in Georgia
Girl, I'll see you later on

Look at them peaches down in Georgia
Red clay peaches hangin' on a tree
Look at them peaches down in Georgia
Red clay peaches hangin' on a tree

Won't last long, wintertime will get 'em
Winter will come and get 'em hanging on a tree
Won't last long, wintertime will get 'em
Winter sure will get 'em hanging on a tree

Well I'm goin' down to Georgia
Drivin' all the way
Cross country for no reason
I woke up, I couldn't stay

Well I'm travellin' in an old car
Made in the USA
Hear that engine knockin'?
We've both seen better days
