She was hell on her mama, impossible to please
She wore out her daddy got the best of me
And there's something about her
That only I can see and that's good enough

You're barefoot in the grass, and you're chewin'
sugarcane
You got a little buzz on, you're kissing in the rain
And if a day like this don't ever come again
That's good enough

Good enough for me
Good enough for right now, yeah
Good enough for right now, yeah

God bless this land, God bless this whiskey
I can't trust love, it's far too risky
If she marries into money she's still gonna miss me
If you can read it, it's not the original one

And that's good enough
Gonna have to be good enough
