You never had a chance, did you, baby?
So good looking, so insecure
But now you say you can't remember
When the line you drew began to blur

Yeah, when all of this is over should I lose you in the
smoke?
I want you to know you were the one

And may my love travel with you everywhere
Yeah, may my love travel with you always

Maggie's still trying to rope a tornado
Joe's in the backyard tryin' to keep things simple
And the lonely DJ's diggin' a ditch
Trying to keep the flames from the temple

Oh, and if perhaps I lose you in the smoke down the
road
I want you to know you were the one

And may my love travel with you everywhere
Yeah, may my love travel with you always

How about a cheer for all those bad girls
And all the boys that play that rock and roll?
They love it like you love Jesus
It does the same thing to their souls

And when all of this is over should I lose you in the
smoke?
I want you to know you were the one

And may my love travel with you everywhere
Yeah, may my love travel with you always
Baby, may my love travel with you everywhere
Yeah, may my love travel with you always, ohh
