I should have known it
I should have seen
Leave it to you
To treat me mean

Every promise
Was just a run around
I should have known it
Yeah, you're gonna let me down
And it's over now you see...
It's the last time your gonna hurt me

I should have known it
Hard to believe
It was all right there
In front of me

Sold down the river
Left for dead
Yeah you're puttin' ideas
In a grown man's head
And it's over now you see...
It's the last time your gonna hurt me

Thanks for nothing
Yeah, Thanks a lot
Go ahead baby
Take all I got
And it's over now you see...
It's the last time your gonna hurt me

That's the last time you're gonna hurt me
