Work 20 years and they'll take care of you  
They'll buy you a diamond, they'll send you on a cruise,  
yeah  
Give it all your money, give it all your time  
Then wake up one morning and wonder why

Let me up  
I've had enough  
Let me up  
I've had enough

I believe you baby, I know you wouldn't lie  
Like a dog won't bark, like a bird won't fly  
Yeah, pretty little baby, you're a weapon with eyes  
I know what you want, but it's a surprise

Let me up  
I've had enough  
Let me up  
I've had enough

Yeah, yeah, bet honest with me  
Honey, am I what you thought I would be?

You tell me you love me baby, you'll be true  
I know I believe you, but I don't know why I do  
I woke up this mornin', there was a car in the drive  
I didn't recognize it, who was that guy?

Let me up  
I've had enough  
Let me up  
I've had enough

Yeah, yeah, yeah, I tell ya  
This is not a question of humility here

I've had enough  
Let me up  
I've had enough

Let me up

I've had enough  
Let me up  
I've had enough  
I've had enough
