Work 20 years and they'll take care of you
They'll buy you a diamond, they'll send you on a cruise,
yeah
Give it all your money, give it all your time
Then wake up one morning and wonder why

Let me up
I've had enough
Let me up
I've had enough

I believe you baby, I know you wouldn't lie
Like a dog won't bark, like a bird won't fly
Yeah, pretty little baby, you're a weapon with eyes
I know what you want, but it's a surprise

Let me up
I've had enough
Let me up
I've had enough

Yeah, yeah, bet honest with me
Honey, am I what you thought I would be?

You tell me you love me baby, you'll be true
I know I believe you, but I don't know why I do
I woke up this mornin', there was a car in the drive
I didn't recognize it, who was that guy?

Let me up
I've had enough
Let me up
I've had enough

Yeah, yeah, yeah, I tell ya
This is not a question of humility here

I've had enough
Let me up
I've had enough

Let me up

I've had enough
Let me up
I've had enough
I've had enough
