Oh, my Lord  
Give me chills and fever  
Send a signal  
To my receiver

Hard livin'  
Killing me  
I need that woman  
Set me free

And I want her  
Want so much  
'Cause she got the lover's touch  
Yes, she does

Feel sold out  
Water gettin' higher  
Livin' on the shoreline  
Starin' at the fire

And I want her  
I want her so much  
'Cause she got the lover's touch  
Yes, she does

I hear her voice  
When I'm alone  
Give me comfort  
So soft and low

And I want her  
Want her so much  
'Cause she got the lover's touch  
Yeah, she does now

I want her so much  
Yeah  
'Cause she got the lover's touch  
Yeah, she got  
She got the lover's touch
