I'm watching the water  
Watching the coast  
Suddenly I know  
What I want the most

And I want to tell you  
Still I hold back  
I need some time  
Get my life on track

I know that look on your face  
But there's somethin' lucky about this place  
And there's somethin' good comin'  
For you and me  
Somethin' good comin'  
There has to be

And I'm thinking 'bout mama  
And about the kids  
And the way we lived  
And the things we did

How she never had a chance  
Never caught a break  
And how we pay for our big mistakes  
I know so well the look on your face  
And there's somethin' lucky about this place  
There's somethin' good comin'  
Just over the hill  
Somethin' good comin'  
I know it will

And I'm in for the long run  
Wherever it goes  
Ridin' the river  
Wherever it goes

And I'm an honest man  
Work's all I know  
You take that away  
Don't know where to go

And I know that look that's on your face  
There's somethin' lucky about this place  
There's somethin' good comin'  
For you and me  
Somethin' good comin'  
There has to be
