Some days are diamonds,  
Some days are rocks.  
Some doors are open,  
Some roads are blocked.

And sundowns are golden,  
Then fade away.  
And if I never do nothin',  
I'm comin' back some day.

'Cause you got a heart so big it could crush this town.  
And I can't hold out forever; even walls fall down.

All around your island  
There's a barricade.  
It keeps out the danger,  
Holds in the pain.

Sometimes you're happy,  
And sometimes you cry.  
Half of me is ocean,  
Half of me is sky.

But you got a heart so big it could crush this town.  
And I can't hold out forever; even walls fall down.

And some things are over,  
Some things go on.  
Part of me you carry,  
And part of me is gone.

But you got a heart so big it could crush this town.  
And I can't hold out forever; even walls fall down.  
You got a heart so big it could crush this town.  
And I can't hold out forever; even walls fall down.
