I know you're walkin' down a lonely street  
I know you can't get out of the heat  
Baby, it's alright, don't have a wasted life

I know you have to feel a little used up  
And no one can give you enough  
Baby, hold on tight

Don't have a wasted life  
I love you too much  
Don't have a wasted life  
I love you too much  
Don't have a wasted life  
Don't have a wasted life

They give it to you from the time you're born  
You keep tryin' to make one more score  
Maybe wrong or right, you gotta stand and fight

So when you're lonely and you feel let down  
You can call me, I'll come around  
And treat you nice

Don't have a wasted life  
I love you too much  
Don't have a wasted life  
I love you too much

They give it to you from the time you're born  
The summer's got to put the pressure on  
Maybe wrong or right, you gotta stand and fight

So when you're lonely and you feel let down  
You can call me, I'll come around  
And treat you nice

Don't have a wasted life  
I love you too much  
Don't have a wasted life  
I love you too much  
Don't have a wasted life  
I love you too much

Don't have a wasted life  
Don't have a wasted life
