[Too \$hort]

Why..

Why..

I'm a junkie, lookin through my book  
I can't be cured, I know I'm hooked  
I gotta get out the house, I'm so hard  
Chasin that cat all over the yard  
But why, do I chase the cat?  
Been at it so long since way back  
Why would I wanna be a player for life?  
Spittin this game every day and night  
I'm talkin, body language, facial expressions  
Fuck a flight attendant on a layover session  
She's servin my dick  
Fallin in love, but she ain't my bitch  
Why do I need to be in between her  
since the first time I seen her?  
Hit it from behind, now she wanna be mine  
I'm all up in her feline

[Chorus: Dolla Will]

Why must I, chase the cat?

She got ghetto ways, plus she pays, give me my money

Why must I, chase the cat?

You see ain't nothin changed, but the game, pimpin  
ain't easy

[Dolla Will]

Uh, bein settled down, just ain't for me

Hold hands, walkin down the aisle, bout to get married

I thought that once, will never think it again

Cause I'm a player in the game and I'm playin to win

It's too many fine hoes to be stuck with one

Too many wet pussies just to be fuckin one, shit

It's like a disease, like JT in "Five Heartbeats"

It's impossible for me to be with one freak

You can't live with me, you can't live without 'em

I never would trust a bitch and I don't doubt 'em

Cause I'm a dog that love to chase the cat

If you a fine bitch, I might put my face in that

If you do me first, then I'll do you  
And the game jumps off when the bitch is through  
Hoes nowadays be as bad as us  
They love to suck fuck and bust fat ass nuts

[Chorus]

[Too \$hort]

Ever since I was a youngster, new to the game  
I was goin to the mall, baby what's your name  
and your number - I never been under  
Always been a outright player no wonder  
I been through so many hoes in the last 20 years  
Bitch gettin fucked, bring her ass up in here  
I keep two or three hoes on deck  
Too \$hort baby don't take no shit  
I'm a pussy junkie, and bitches always want me  
But my first love is money  
And I'll forever be faithful to her  
I won't give her to a bitch just to do her  
And play with her kitty  
Got some nigga's name tattooed on her titty  
I see a gat and jump the fence  
My name is \$hort Dog and I'm a pimp, bitch

[Chorus: Dolla Will]

Why must I, chase the cat?  
Cause you know.. she's a ho..  
Why must I, chase the cat?  
Whaddya know.. she gives me dough..  
Why must I, chase the cat?  
She got ghetto ways, plus she pays, give me my money
