I'm sorry to be calling so late,
but you could always chase my blues away.
I could find a new love,
That wouldn't be enough.
Tonight, I need someone who,
Who knows me better than I do.
I need just, just one more night of us.

What an old lover knows takes time to learn,
That kind of trust takes time to earn.
Tonight I need someone who knows,
What only an old lover knows.

I don't like all this sleeping alone,
And how I miss those nights of holding on.
Going out of my head,
I never will forget.
'Cause you know all the things I love,
and you know just how to touch.
You know I, I need that kind of love again.

What an old lover knows takes time to learn,
That kind of trust takes time to earn.
Tonight I need someone who knows,
What only an old lover knows.

What an old lover knows takes time to learn,
That kind of trust takes time to earn.
Tonight I need someone who knows,
What only an old lover knows.
Tonight I need someone who knows,
What only an old lover knows.
