I don't know how deep the sea is  
I don't know how high the sky  
What I know I'm gonna love you...  
Love you, love you, love you til the day I die....

And I don't know when the mountain is gonna  
crumple...  
And I don't know when those seas around are dry....  
when the moon will turn blue..baby, it hadn't turned yet  
but I'm gonna love until the day I die

Sometimes the days will be dark and cloudy,  
sometimes the nights will be long and cold  
Sometimes our road will be rough and rocking  
We got sliver...we got gold...

We got gold cause we got love,  
we got silver and the stars above....  
Diamonds and pearls, sliver and gold...  
I love you when you're young and gonna love you when  
you're old

Sometimes the days will be dark and cloudy,  
sometimes the nights will be long and cold  
Sometimes our road will be rough and rocking  
We got sliver, baby..we got gold...

We got gold cause we got love,  
we got silver and those stars up above....  
Silver and gold...diamonds and pearls  
Love you, love you, love you all around this world.

I told you I don't know how deep this sea is..baby  
there no use in asking me how high the sky...  
One thing I know for sure I'm gonna love you, love you,  
love you,  
love you til the day I die  
I love you, love you baby....til the day I die  
I love you darling til the day I die.....
