It started in Roanoke, a little while ago  
A friend knew dance that you ought to know  
They call it flat-footin' and it sure looks fine  
Right now it's flat-footin' it time

And you'll be flat-footin' it, flat gettin' it  
You don't know just how good it is  
Until you hear that guitar pickin' it, pick it

Just let your arms hang right where they are  
Then you'll start flat-footin' it right through the bar  
Turn yourself loose all the law will allow  
And you're doing that flat footin' it now

You'll be flat-footin' it, flat gettin' it  
You don't know just how good it is  
Until you hear that drummer pickin' it, pick it

It started in Roanoke and came a long way  
Now it's a flat-footin' it USA  
Good for your spirits and good for your health  
You oughta try a little flat footin' yourself

And you'll be flat-footin' it, flat gettin' it  
Don't know just how good it is  
Until you hear that bass fiddle pickin' it, pick it

Well, all of the students at the University  
Shocked and amazed the existing faculty  
Some dropped Biology and some cut their math  
To enroll in a flat-footin' it class

Flat-footin' it, flat gettin' it  
You don't know just how good it is  
Until you hear that band a' pickin' it, pick it
