(Tom T. Hall)

Let me sit on your porch let me drink a beer
Let me scratch that hound dog's ear
Let me rock in your rockin' char
Gimme peace, gimme peace, gimme peace.

Show me your garden I love to how
Let me walkin' up for the road
I got some seed that I like to sow
Gimme peace, gimme peace, gimme peace.

And when that evening sun goes down
Drive me in the old hometown
Let me bye your friends around
Gimme peace, gimme peace, gimme peace.

--- Instrumental ---

Let me drink water from your well
Tell me a story that you'd like to tell
I think you fine when I'll listen well
Gimme peace, gimme peace, gimme peace.

When you've had all of me that you can take
Say so long with a strong handshake
Don't get to drinkin' ask me to stay
Gimme peace, gimme peace, gimme peace.

And when that evening sun goes down
Drive me in the old hometown
I'll catch that next truck I could bound
Gimme peace, gimme peace, gimme peace...
