(Tom T. Hall)

I have friends who won't tell me that I'm out of my mind
Friends who don't mention the passing of time
They were there in the beginning they'll be there in the
end
And when I sum it up I'm glad I have friends.

I have friends who won't scold me if I drink to excess
When I'm down and I'm moody they don't get upset
And I try to be grateful in the way that I can
For what am I if I don't have friends.

I have friends who remember the time I was great
And friends who've forgotten the times I was late
And anyway you said it it's true it's all true
The best friend I have ever had is you...
