(Tom T. Hall)

I wish I loved somebody else not you  
Someone else might learn to love me too  
I'm your toy and that makes me a fool  
Lord, I wish I loved somebody else not you.

Each time I'm hurt it seems to make you glad  
Broken toys they make some people sad  
I don't know why I love you but I do  
Lord, I wish I loved somebody else not you.

--- Instrumental ---

I wish I loved somebody else not you  
How much worse things could they put me through  
You'd leave me out of everything you do  
Lord I wish I loved somebody else not you.

Each time I'm hurt it seems to make you glad  
Broken toys they make some people sad  
I don't know why I love you but I do  
Lord, I wish I loved somebody else not you...
