Life picked me up and threw me to the wolves
I had to learn to be a pussycat or a bull
So I made my way through life with push and shove
And I'm just not an easy man to love.

Sometimes I have worn a weddin' band
And I've been true and blue but on the other hand
I'm not use to wearin' velvet gloves
I'm just not an easy man to love.

One thing they never pinned on me was greed
Some take what they want some what they need
And all I ever wanted was enough
And I'm just not an easy man to love.

Sometimes I have worn a weddin' band...
And I've been true and blue but on the other hand
I'm not use to wearin' velvet gloves
I'm just not an easy man to love.

--- Instrumental ---

Oh, I'm not proud but I'm damn sure not ashamed
Hey, I walk through hell and sometimes fan the flame
Maybe life just handled me too rough
Hey, I just not an easy man to love.

Sometimes I have worn a weddin' band
And I've been true and blue but on the other hand
I'm not use to wearin' velvet gloves
I'm just not an easy man to love.

--- Instrumental ---

Work together...
