(Tom T. Hall)

Let's spend Christmas at my house I have a wonderful  
tree

We'll have some turkey and trimmings and stuffing  
And I've got a fruitcake that's nuttier than me  
(Nuttier than me.)

Let's spend Christmas at my house we'll have a real  
Christmas ball

I'll light the fire place I'll roast some chestnuts  
We'll sing some carols and I'll deck the halls  
(I'll deck the halls.)

Let's spend Christmas at my house I know you'd bring  
me such cheer

Nothing would please me more than for you to be  
At my house for Christmas this year.

Let's spend Christmas at my house we'll have a  
wonderful time

This is the season I lose my reason  
And if you don't come I'll go out of my mind  
(Out of my mind.)

Let's spend Christmas at my house I dream of a  
Christmas like that

Hearts all together light as a feather  
If you don't love it then I'll eat my hat  
(I'll eat my hat.)

Let's spend Christmas at my house I know you'd bring  
me such cheer

Nothing would please me more than for you to be  
At my house for Christmas this year  
(At our house for Christmas this year...)
