(Jimmy Kennedy - Hugh Williams)

Red sails in the sunset way out on the sea
Oh, carry my loved one home safely to me
She sailed at the dawning all day I've been blue
Red sails in the sunset I'm trustin' in you.

Swift wings you must borrow, make straight for the
shore
We marry tomorrow she'll go sailing no more
Red sails in the sunset way out on the sea
Oh, carry my loved one home safely to me.

--- Instrumental ---

Swift wings you must borrow, make straight for the
shore
We marry tomorrow she'll go sailing no more
Red sails in the sunset way out on the sea
Oh, carry my loved one home safely to me...
