You know I love my music, it's really all I got
I never really cared that much if I was cold or hot
Now I got a job to do, I don't want to begin

I've gotta write a sad song for my friend
He was not like me no he tried a lot but just like me he
cried a lot
Oh, I never thought I'd have to cause that ain't what I'm
in
I've gotta write a sad song for my friend

She was quite a lady and he was quite a guy
They were quite a couple it was quite a cry
They used to sit and laugh a lot 'cause I like to pick and
grin

They helped me write a sad song for my friend
He was not like me [unverified]
I don't wanna sing no sad songs for my friend
