She's been climbin' up in the world I've been slidin' on  
down  
Her life is like a French poodle mine's like an old fox  
hound  
You wouldn't believe that I know her it hurts me through  
and through  
Here I am worried bout the weather forecast  
And my baby's on the six o'clock news

She's been eatin' off silver and I've been eatin' off tin  
I bet her mink coat would just die if I ever showed up  
again  
If she saw me in her mansion well they just give me the  
shoe  
Here I am worried bout the weather forecast  
And she's on the six o'clock news

She rides around in a limo and I walk around in a  
trance  
She's got a line of the white house I got a hole in my  
pants  
She drank champagne cocktails I drank brown bag  
booze  
Here I am worried bout the weather forecast  
And my baby's on the six o'clock news

Well they say that he went to Harvard he'd likes to  
yacht and sail  
The only thing I got in my background is the callouses  
on my tail  
They say that she really loves him I can't say that I do  
Here I am worried bout the weather forecast  
And she's on the six o'clock news

And that's the way it is on May 25 of 19
