(Jerry Vann)

You always made me fly  
Far above the world so high  
Your pleasures led me on until  
My mind was not my own.

I found you in the night  
In secret places out of sight  
I knew it was so wrong but I  
Was weak and you were strong.

I think you let me fly  
Just so you could see me fall  
You took my friends you took me too  
Whiskey, I gave it all to you.

--- Instrumental ---

Mind and body heart and soul  
Slowly fell to your control  
And I watched you spread your wings  
And sail away with all my dreams.

I think you left me fly  
Just so you could see me fall  
You took my friends you took me too  
Whiskey, I gave it all to you...
