There You were like always  
Right in the middle of my lonely  
Just when I thought there was no way  
And I was the only one  
You showed up and called my name  
With a love that completely changed me  
And now I know

You are the truth that never changes  
You are the love that came to save us, I am Yours  
Even through all my fear and sorrow  
Facing a new unknown tomorrow, I am sure  
That I'm gonna rest in the hope that I'm Yours

I've spent so much time looking for You  
When You were here all along  
Reaching for me to carry me through  
Even when I would fall  
You were waiting patiently  
For me to find the faith to just believe  
Oh and now I see

You are the truth that never changes  
You are the love that came to save us, I am Yours  
Even through all my fear and sorrow  
Facing a new unknown tomorrow, I am sure  
That I'm gonna rest in the hope that I'm Yours

Nothing can separate us from the love You gave us  
Oh it's everlasting  
Nothing can separate us from the love You gave us  
Oh and now I know  
You are the truth that never changes  
The God who came to save us  
I am Yours

You are the truth that never changes  
You are the love that came to save us, I am Yours  
Even through all my fear and sorrow  
Facing a new unknown tomorrow, I am sure  
I'm gonna rest in the hope

I'm gonna rest in the hope that I'm Yours  
I'm Yours

There You were like always  
Right in the middle of my lonely
