Up and down, the people wanna bounce to the funky
sound
You got yo' radios blarin' and the deejays flarin' all
over town
'Nuf respect is just what you gonna get when you jam
and wind
But happiness can't buy money
On and on the party keeps rockin' on 'til the break of
dawn
And the people next door must be wonderin' what it is
we're on
If it makes you happy, you can party on 'til the end of
time
But happiness can't buy money
So make my day
Don't be passÃ©
Come on, come on, get real
Give me money
So what's the deal?
Give me money
Come on, come on, get real
Give me money
So what's the deal?
Give me money
Everybody agree, happiness is free, so whatcha gonna
do
Say goodbye to the old clichÃ©'s, say hello to the new
You can turn it on, whatever gets you goin', it's a state
of mind
But happiness can't buy money
So make my day
Don't be passÃ©
Come on, come on, get real
Give me money
So what's the deal?
Give me money
Come on, come on, get real
Give me money
So what's the deal?
Give me money
Everybody, hold on, relax
This is just like in the movies

Everyone will be a shooting star
And all will make lots of money

Money, money, money, money, money, money
Happiness can't buy money

Come on, come on, get real
Give me money
So what's the deal?
Give me money
Come on, come on, get real
Give me money
So what's the deal?
Give me money
Come on
Get real
Come on
Give me money
Come on
Give me money

So make my day
Don't be passÃ©
Come on, come on, get real
Give me money
So what's the deal?
Give me money
Come on, come on, get real
Give me money
Happiness can't buy money
Come on, come on, get real
Give me money
So what's the deal?
Give me money
Come on, come on, get real
Give me money
Happiness can't buy money
