Uh, mercy

Lookout now, look out now, look out now, look out now,
look out now, look out now
I say here comes little Miss Demeanour
Nowhere a sweeter deceiver
Don't touch her, she'll burst your bubble
Hormones on legs, she's trouble
Wearin' a mini and hardly any makeup
It's time to wake up now
Dangerous attraction cause a chain reaction
She may look cute to you
Let me tell you, my friend
She is dangerous (Dangerous)
Let me tell you now
I've got to, got to tell you now (Dangerous)
She may look cute to you but she's dangerous
(Dangerous)

And after she has used you, she will make you out to
be a fool
Get paid the mega bucks for tellin' stories out of school
It's not enough that she will break your heart
She will blow your life apart
Spicy-sweet temptation, a deadly combination
She may look cute to you but she's dangerous
(Dangerous)
She's dangerous, I say, she's dangerous, oh, yeah
(Dangerous)
She may look cute to you but she's dangerous
(Dangerous), look out now
You don't want to be another fly in her pie
And I sure don't want to be her sacrifice

Spicy-sweet temptation, a deadly combination
She may look cute to you
Let me tell you, my friend
She is dangerous (Dangerous)
She may look cute to you (Dangerous)
She may look cute to you
Dangerous attraction cause a chain reaction
She may look cute to you

So let me, let me, let me, let me, let me tell you
She is dangerous (Dangerous)
So I got to, got to, got to, got to, got to really tell you
She is dangerous
So let me, let me, let me, let me, let me tell you
