** tentative transcription : can you help to complete it?
**

You were looking for a cause when I met you
You'd have pulled down the roof if I had let you
You were pushing me up, you were pulling me down
You had them big ideas spinning round and round
You ain't got no conscience
You're such a kid
You ain't got no manners
You never did
Life, life is a question
It's next to none
love, love isn't just fun
It makes you run
Standing here, what to say
Holding on, that's the way
spirits fly, fingers curl
You and i, we, we shock the world
shocking, we shock the world

before you even start you're like
a work of art
they'll say that you're a liar
***so you bet-better buy her? ? ? ***
it was breaking your heart
And you don't belong
You're such a mess is why we get along
You were making trouble
That was the fun
You were a nasty rebel
You were just a punk
You had a solution
But not this once
love, love is a question
it makes you run
Standing still, what to say
holding you, that's the way

spirits fly, fingers curl
You and i, we, we shock the world
shocking, we shock the world

Standing still, what to say
holding you, that's the way
spirits fly, fingers curl
You and i, we, we shock the world
shocking, we shock the world

shocking, we shock the world

shocking, we shock the world

shocking, we shock the world

shocking, we shock the world.
