You're my inspiration and sweet satisfaction
Such a sweet sensation, sweet satisfaction
Just let me hold you, right there
Keep it real, oh right there
Make it feel good, in the right way
I'm gonna hold you tight, make you feel good tonight

Now our lovin' so good and sweet satisfaction
And it's so deep and so real and it's sweet satisfaction
Surrender, surrender
Keep it comin' (Surrender), right there
Don't stop, don't stop
Gonna give you good lovin' in the right way
I want to squeeze you tight, please you all night
Oh, it feels so good
Let me lay you down right here
Know the secrets to your love, oh, baby

Surrender
All the way, like a prayer
Surrender, surrender
Need your lovin', in the right way
Keep it comin'.
Take me to a new dimension and sweet satisfaction
Such a sweet sensation, oh sweet satisfaction
Surrender, surrender
Ooh, sweet satisfaction
Surrender, surrender
Ooh, sweet satisfaction
Surrender, surrender
Ooh, sweet satisfaction
Surrender, surrender
Love you, baby
Surrender; surrender
Ooh, sweet satisfaction
Surrender
