Last night, I had a dream about everybody here
You were all wearing smart red tops in the opening
scene
Looking at me kinda strange 'cos I was wearing old
jeans
Talking to each other, the cigarettes you smoke have
no smoke to blow

(At me)
A little word in your ear
(At me)
A little word in your ear, girl

(At me)
A little word in your ear
(At me)
A little word in your ear, girl

You've got the days mixed up in your diary
You sent the moment back to have it redone
Because you sing, but I know that you'll never sing to
me
Comes to my attention, that when you talk, you always
talk

(At me)
A little word in your ear
(At me)
A little word in your ear, girl
