[Dialogue]

[Liffy Stokes]

You looking chilliy wit yo thick ass  
I know you got plenty niggas out there who trick cash  
I damn near caught whiplash as you walked pass  
Fucked up the blunt ashes  
Peepin your script perpetrating you high  
Youz a rat in disguise I see the freak in you eyes  
You got between your thighs from fuckin to many guys  
And yet still you play the sweet role but we know  
That you juggle dicks like slot machines at a casino  
I'm high as hell so I'm flaotin  
Up in the party token  
A 44 max and nigga don't jack  
Cause I blast away fuck up a niggas whole day  
Get the wildin and shoot this bitch up in the party  
Mobsta style you ain't had a thug in a while  
I hit her wit the proposition as she's peepin me out  
So whats the lick shorty? Fuck the game me or the lane  
She hoped in the Range and then her attitude changed  
She said "I know you fool you one of them Mobsta  
niggas"  
"Who rap wit Twista, wheres he at" fired up wit some  
liquor  
Hold tight shorty we almost at the City Inn  
I told Maze about the lick soon as he buzzed me in

[Chorus]2x

Baby if you want to party tonight  
then let me see you touch your toes  
And show me you a party hoe  
I got my niggas you got your girls  
cause bitch we fucked the world and how do we hurl  
Only if you partying hoe

[Maze]

I gotta confess I think I'm obsessed wit group sex  
Yo lets have a contest and see who do it the best  
Inside of Nubian flesh make me wanna get undressed  
Tap that ass from the back cause baby your bodies

blessed  
And your friend to she bend too  
Bust out some ginseng brew so I can dick your whole crew  
That's the shit I'm into pass some pussy to my guys  
Put my dick in your mouth shoot the loogy in your eye  
I don't wanna socialize I'm just trying to get bucked  
So after you get fucked you hoes gotta raise up  
Bumpin out just blaze up big ol' B and the T's  
Kick off the party wit you and your homies or your knees  
While y'all party to see who got the most superb herb  
Nigga Stokes gonna stroke that ass wit the killa curb  
Till sober and then do it over again  
Cause who ever taste the most dick is the one to win  
So open them thighs wide while a nigga slide in  
Let me see how many different ways your body can bend  
Trippin on Liff spinnin your girl like he gonna miss her  
While I'm opening the door for my niggaro Twista

[Chorus]

[Twista]

But this big fat thick bitch made my dick hard  
No that its swollen she choking  
while her cheeks parted open the bitch started stroking  
And I'm hoping the girl is hot and soakin, play wit her emotions
