The one monkey there in the Cleveland zoo  
Revolution leader to the primate crew  
Smoking a cigar in a three piece suit  
Whoa  
Hands in his pockets while the apes accumulate  
Analyzing every way to make the break  
Any one mistake and it's no escape  
Whoa  
He said to himself as he gazed at the mass  
I'll need to train these monkeys to obliterate man  
Punch slap turn around ninja kick yeah  
Whoa  
With the break of day arriving and an army of apes  
Slipping on bananas and choking on grapes  
His mind lost focus as he turned away  
Whoa

Revolution, time has called for evolution  
Revolution whoa  
Primate leader fighting to make monkeys freer  
Primate leader whoa

Then one little monkey, small but wise  
Called out as the apes began to rise  
He said, "Hey monkeys how can we survive?"  
Whoa  
All this time we have come to rely  
On zookeeper Bob and that other guy  
If we break out now we would sacrifice  
Whoa  
Revolution leader just laughed and said  
"Listen little monkey" as he scratched his head  
"For thousands of years our species has fed"  
Whoa  
Well now we have to choose between the two  
Picking our own fruit or having lunch at the zoo  
Well the most important thing is our revolution  
Whoa

But some of the monkeys at the Cleveland zoo  
Didn't carry the right attitude

They didn't want to give up all the free food  
Whoa  
They looked to their leader, all they could see  
Was a monkey shouting anarchy  
And they gathered their friends to mutiny  
Whoa  
What a crime
