Ghoulis freaks, the haunting meek  
The hollers in the heat  
The horns just keep on blowing  
'Til the dusk becomes the night  
Eerie beats, infested streets  
Misfit gatherings  
Skalloween is calling and tonight we're dead

Skalloween is dead

Spooky rude skanking ghouls  
The checkers in the night  
The roamers keep on roaming  
And the dead become the live  
Rocksteady and unity  
With fiends still lingering  
Skalloween is calling and tonight we're dead
