(Left Eye)

Yo it's me Left Eye not about to settle for anybody wit'  
A thang about me havin' to party  
My life's havin' fun takin' a reason addin' season  
makin'  
It he's in what is pleasin' cause yo I gots one  
I am unordinary the more balls the merry  
Not two hangin' hairy wit' dairy airy  
Cause to impress me is not to undress me  
That's only unless we agree you down wit' O.P.P.  
And bein' honestly is what I want you to be  
You wanna control me you need much authority  
Understanding the depths of the '90s women  
That is the way that I'm livin'

[Chorus:]

Das da way we like 'em  
Das da way we like 'em  
Das da way we like 'em (das da way)  
Das da way we like 'em

(T Boz)

What up what up yo  
The way that I like 'em or better  
Yet let's talk about the way I dislike  
The type that's always out to despise  
Or what about the ones that's under your feet  
Or like to wipe your butt before you're leavin' the  
dookey seat  
But so take your time and you'll find  
That is is true I like the ones that  
Walk through the parties wit' their pants saggin' down  
Spend a little time wit' me and not wit' the crowd  
Chillin' in the crib wit' da docs  
Or maxin' on the couch to a Babyface song yeah  
Understanding the depth of cool women  
Unhh cause that's the way T-Boz is livin'

[Chorus]

(Chilli)

Yo erri uuhh erri erri...  
I like a man with romance in his heart  
And the ability to chrk-chrk take on the part  
Not the kind who be tippin' and tappin' and  
Slippin' and slappin' 'em  
Cause I'll be comin' wit' a bat and start smackin' him  
But wait a minute I ain't dealin' like that no!  
I need a man who's gonna venture out at pleasin' yeah  
dats me hey  
Cause I'm the kind who'll be givin' it right back  
But in the serious tip he's gotta come with respect  
Casue that's where I'm at  
Understanding the depths of the good women  
Yeah that's me cause that's the way that Chilli's livin'

[Chorus]

Yo what's up  
It's the 411 on the 911 man  
Erri uuhh erri erri  
And as Dolomite would say "Can you dig it man?"  
What up Damian Dame, Jermaine Jackson  
Hello out to LA., Face and Pebbles  
DeRock and Kayo's in the house  
Marley Marl in the house  
I'd like to kick it to Dallas and his crew  
H. P. M. Highland Place Mobsters  
Jermaine Dupri krisskrossin' Dolemix  
So yo how's ya livin'  
Raina and Ronald  
Hi Mom
