I'm goin' away (x4)

The cradle wants a baby
The kitchen wants a pan
The heart wants a certain kind of lover if it can

The ocean wants a sailor
The gun wants a hand
The money wants a spender
and the road wants a man

I turn my face to the highway (x3)
And I turn my back on you

The devil wants a sinner
The sky wants a bird
The table wants a dinner
And the lips want her

The glass wants a wine

The fist wants to hurt
The clock wants the time
And the show wants the word

I turn my face to the highway (x3)
And I turn my back on you

I'm goin' away (x4)

The coal wants a miner
The soldier takes a stand
The walls of the prison want a solitary man

The window wants a curtain
The plow wants a lamb
Diamond ring wants to fit upon the finger of her hand

I turn my face to the highway (x3)
And I turn my back on you

I'm goin' away (x14)
