Rollin' to the club  
Stop to get my grub on  
Nothin' like those Krispy Kremes  
Soon as I was done  
It was time to get my groove on  
Find a place that's happenin'  
And I knew that it was on

From the moment that I walked into the spot  
It was bangin'  
It was swangin' oh  
Till somethin' turned me off  
I wasn't sure  
Coulda swore I saw you with someone  
And at much to my surprise (whoa)

[Chorus]  
You were right there with your hands up in the air  
You had hoochies everywhere  
All on you  
It's like I almost didn't know you  
Tryin' to shake that ass  
Playa you don't even dance  
Sup wit' you  
It's like I don't even know you

Left you at the crib  
Cause I know you get your game on  
Happens every Tuesday night  
You said that you was cool  
Your boys was comin' by  
(Go baby have yourself a real good time)  
So I knew I could be wrong

I was thinkin' there's no way it could be you  
Not my baby  
He ain't crazy no  
Then my girlfriends tipped me off  
When I got closer I could tell that it was you  
You was bangin'  
You was swangin' oh

[Chorus]

[Chorus]

Mindin' my own business  
My pager's goin' off  
My girlfriends tryin' to tell me  
You're doin' wrong  
I needed confirmation  
I knew you was a dog  
I just can't believe what I saw

[Chorus]

[Chorus]

[Chorus]
