I've been watching

Come on baby let me kick a little with you  
Baby, baby let me kick a little game with you  
(repeat again)

I've been watching you watching me  
And I know you want it  
Come on let me kick a little game with you

Laying against the wall checkin' out the scenery  
All I see is everybody trying to get with me  
So I continue to play it crazysexycool  
Lost all composure when I laid my eyes on you

1 - You just wanna know if you can kick come game  
Come with something more clever than just your name  
See it's like this I wanna take you home  
But you gotta show me that your game is on

2 - I've been watching you watching me  
And I know you want it  
But it depends on how you kick your game

Repeat 2

Come on let me kick a little game to you

I've been waiting for a dose of your personality  
See I'm in the mood and if all goes right  
Baby you will be, you will be going home with me  
tonight

Miss Left Eye  
All I wanna do is kiss your hand  
Let you know I'm not just another fan I am the man  
And I don't give a damn about who you know  
I got a 48-track studio back at the crib  
So drop by you know where I live  
I see you all the time but on another note  
Would you like to dance?

Nah, I'm about to go and uh hang my coat

Repeat 2

Lisa Lopez

It's been a month

I called you twice...You called me once

Baby come with me you'd be mine

So we can make love on the 50 yard line

You for me, me for you

There's nothing in this world you know we couldn't do

Yeah but who was that girl all on your back...

Nicole

I'm just a nigga that followed you to the coat rack

Repeat 1

Repeat 2

Come on let me kick a little game with you
